

# **William Levick Primary School**

## **Publication of Governor's Details & Register Of Interests**

The Governors and Associate Members of William Levick Primary School recognise that we hold an important public office and as such strive to operate at all times with transparency and have the well-being of the children and the reputation of the school at heart. As such we publish up-to-date details of our governance arrangements here on the school website.

This information includes all the names of the Governors, what category of governor they are and which body appointed them. It states each individual's term of office according to our constitution. It names the committees that each governor serves on and any specific positions of responsibility held.

Each individual Governor's attendance at the Governing Body and Committee meetings over the last academic year is also published here.

We also acknowledge here any relevant business, pecuniary or material interests, including relationships which have potential to cause a conflict of interest.

Our code of conduct clearly states what is expected of the Governors of William Levick Primary School and is reaffirmed yearly.
